

Pen Pal Letter

One way of encouraging children to keep writing and not to feel alone during this period of self-isolation is to write letters to other children locally, nationally or internationally. This could be using post or via email . If you're doing this in school, please ensure that parents or guardians are happy with children sharing their information.

Teachers must check school procedures and follow relevant safeguarding advice before children share personal information.

Your child could fill in this template or use it as a guide to write their own letter.
